Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

In response to the Notice of Allowability dated July 15, 2008, Applicants respectfully request that the United States Patent & Trademark Office (USPTO) forward a corrected Official Filing Receipt. For the Examiner's convenience, copies of the previously filed Request for Corrected OFR are attached hereto. The previous request was submitted on November 9, 2001, however no corrected OFR was received.

This submission is a result of the USPTO failure to send a corrected Official Filing Receipt, and as such, does **not** constitute a delay by Applicant. Further evidence that this submission does **not** constitute a delay by Applicant is that this submission does **not** fall within any of the categories outlined in 37 C.F.R. § 1.704 deemed to constitute Applicant's failure to engage in reasonable efforts to conclude prosecution. Accordingly, no reduction of the period of adjustment of patent term is warranted.

REQUEST FOR CORRECTED OFR
U.S. Application No.: 09/901,153

Attorney Docket No.: Q63309

It is believed that a petition, requesting that the period of adjustment of the patent term is *not* to be reduced, is not required. However, if a petition is required, please consider this submission to incorporate such a petition. Also, it is believed that no fees are required; however, if a fee is required, USPTO is directed and authorized to charge such required fee, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
